'Creation' Topic for Free Talk

"The Key to the Mystery of Creation" will be the subject of a one-hour public lecture here Friday, April 7, by Thomas A. McClain, C.S.B., of The Christian Science Board of Lectureship.

The lecture will explore the underlying spiritual nature of the universe as a creation of God, and how it affects everyday life, including spiritual healing. It's being sponsored by First Church of Christ, Scientist, Torrance, and will be given at 7 p.m. in the Torrance YMCA, 2900 W. Sepulveda Blvd.

McClain was formerly on the advertising sales staff of the Louisville Courier Journal and Times in his native Kentucky.

After military service during World War II, he became a Christian Science Minister at Fort Knox, and soon began devoting full time to healing practice. He has participated in a number of Christian Science radio and television programs and currently resides in Chicago.

Rental Center To Open

Grand opening of a new A to Z Rental Center at 20352 Hawthorne Blvd. is scheduled next Friday, Robert E. Modzeleski, owner-operator of the new center, has announced.

Householders, do-it-yourselfers, and businessmen will be able to rent virtually anything from the new center at low rates.

The center is the newest in a nationwide chain of owner-operated rental stores.

Modzeleski said his center will stock everything from axes to axes (an axelike tool for cutting roofing slate). Such expected items as sanders, power drills and saws, painting equipment and scaffolding, stencils, furniture dollies, and plumber's and mechanic's tools also will be available for rental.

The new rental center was established to meet community needs underscored by a simple economic fact, Modzeleski said. Everyone occasionally needs items which it just doesn't pay to buy because they won't be used often, he said.

Modzeleski, a former salesman, and his family live at 20455 Osage Ave.
